

Young Men's Chances in the Navy

The U. S. Navy offers young men many advantages seldom found in any calling of civil life. If you enlist as an apprentice seaman you are given a \$60 outfit of clothes free, and placed on the pay-roll at \$16 per month. After about four months at the training station your pay is raised to \$19, and in one year you may receive \$24, together with free board, lodging and medical attendance. After that your promotion depends upon your own efforts. In the Navy you can be absolutely certain that good, hard work will bring promotion and increased pay. A capable young man can, within the term of one or two enlistments, rise to the position of Chief Petty Officer with pay of \$70 to \$80 per month, free of living expenses; and later may try for that of Warrant Officer, with pay of \$1200 to \$2100 per year. There are, besides, many opportunities to earn extra pay. After thirty years' service he can retire on three-fourths pay and allowances for rations, clothing, quarters, fuel and light.

The Navy gives you a free training, pays you while you are learning, and then offers you permanent employment, unaffected by hard times, and with pay comparing favorably with that earned by the average man in civil life.

There are special opportunities and higher pay to start, for those who have a special training, such as machinists, carpenters, electricians, coppersmiths, and stenographers, book-keepers, stewards, cooks, bakers, etc.

The term of enlistment is four years and the pay is increased on re-enlistment. For full information, write to Navy Recruiting Station, W. Sixth Street and Superior Avenue, Cleveland, Ohio, or apply in person to U. S. Navy Recruiting Officer who will be at

BARNETT HOUSE, CANTON, OHIO, FROM MAY 11 TO 13.

GRAND JURY WORK CONTINUES TODAY

Officials connected with the investigations of the grand jury said yesterday that their work would hardly be completed before Thursday afternoon or Friday morning, probably not until the latter date.

Among the cases investigated yesterday is said to have been that of "Snooks," the Courtland hotel stand thief, who was located in the Pittsburgh workhouse as a number of witnesses summoned in that case were in attendance at today's session. There is considerable speculation regarding the result of the grand jury's investigation of the charge of murder against Albert Lukens. It was rumored yesterday that the investigation was not yet completed and that it would be most thorough. According to interested parties there are a number of weak links in the chain of evidence connecting him with the murder of the Brown girl and these will have to be strengthened before an indictment will be returned.

POSTOFFICE FORCE IS INCREASED

Through the efforts of Postmaster George H. Clark the working force of the local postoffice has been increased by the department officials in Washington by the granting of two additional carriers and one clerk. Messrs. Thomas Russell and Julius Donze, the two senior substitutes, Mr. Clark states, will be appointed to the two new carrier positions. Mr. Clark yesterday closed his second year as postmaster of Canton and the employees of the office are high in their praise for the efficient manner in which he deals with them. Many reforms have been inaugurated since his incumbency as postmaster that have proved highly beneficial to both the employees of the office and the public.

GAMBLERS CHARY WITH TESTIMONY

At the hearing of the case brought against William Fishel and Edward Pohlman by D. E. Hobstetter in Justice Barrick's court, Fishel was discharged, while the case of Pohlman was taken under advisement by the justice. Hobstetter claimed that he had lost \$1500 in a gambling room operated in a building owned by Fishel and Pohlman. The witnesses in the case were subpoenaed from the "talent" that frequents the alley and other gambling places and there was considerable difficulty experienced in getting them to testify. All stood on the rights accorded them by the laws of the state and refused to testify to anything that would incriminate themselves. While it was apparent that poke had been played in the place, there was no evidence to show that the chips with which they were playing represented any of the "coin of the realm" or that each player did not bring his own celluloid chips with him. Many of the witnesses seemed to have short memories when questions were asked them about what transpired in the rooms of Pohlman.

LOCAL JUSTICE

May Be Affected by the Decision of Cuyahoga County Circuit Court.

According to a decision of the circuit court in Cuyahoga county in the cases of Justice John Brown and Robert Morrow, in which it was held that they could hold office until January, 1910, twenty-one months longer than elected for in November, 1904, Attorney James A. Bowman, succeeded by John F. Blake, can also hold over until January, 1910, and Blake was never elected.

The court held in the cases of the Cleveland justices, whose cases and that of Bowman are identical, that their supposed successors were elected in November, 1907, at a time when there was no vacancy and that for that reason the elections are null and void and the status of the supposedly elected justices is what it might be if they had never been candidates. There are said to be one or two other justices in the county which will be affected by the decision and throughout the state they may be numbered by hundreds unless the circuit court decision is reversed by the supreme court of the state. Ex-Justice Bowman was seen by a News representative and said that he would defer any action in his case until he saw the outcome of the decision of the court in the Cleveland cases.

To Help Women Who Suffer.

In the past few years Mrs. Cora B. Miller has spent \$125,000.00 in giving medical treatment to afflicted women. Sometime ago we announced in the columns of this paper that she would send free treatment to every woman who suffered from female diseases or piles. More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

Every woman sufferer, unable to find relief, who will write Mrs. Miller now, without delay, will receive by mail free of charge, a 50-cent box of this simple home remedy, also a book with explanatory illustrations showing why women suffer and how they can easily cure themselves at home without the aid of a physician.

Don't suffer any more, but write at once to Mrs. Cora B. Miller, 6216 Miller Building, Kokomo, Indiana.
